

## Report on "Career Opportunities in Civil Services, Banking and Co-operative Sector through Competitive Examinations"

This department has been established in the college for development of the students preparing for Competitive Examination. This year a lecture was organised by the Department of Competitive Examinations, in which Dr. Amar Kamble from Nalanda Academy, Ichalkarnji gave guidance on "Career Opportunities in Civil Services, Banking, and the Co-operative Sector through Competitive Examinations" on July 22, 2021. Many students benefited from this lecture on the college's competitive examination. More books are made available to the students to prepare for the competitive examination. In addition, the college organises the students' general knowledge test. In the future, there is an intention to create a separate reading room for the students in the competitive examination center. Also, in connection with the competitive examination held in the college library every year, efforts are made to buy new books and give them to the students.
