Inauguration of Vaccination Camp

Vaccinating to Student

Vaccinating to Teacher

Detailed Report:

India began administration of covid-19 vaccines on 19 January, 2021. As of November, 2021 India has administered near about 1.50 billion doses overall including first and second doses of the currently approved vaccines.

India initially approved Oxford AstraZeneca Vaccine manufactured and under license by Serum Institute of India under the trade name Covishield and Covaxin (A Vaccine developed locally by Bharat Biotech).

Vaccination is the administration of vaccine to help the immune system develop immunity from a disease.

Considering the above as well as to fight together with covid-19 disease. Our college had organized a vaccination camp under the department of NSS and Medical Club on 23rd October, 2021 and 29th November, 2021 with following objective –

1. To Provide vaccination facility to student and their parents at college level.
2. To reduce the pressure on the health care system.
3. Reopening of the college.

In this camp total 39 beneficiaries (31 Students and 8 Parents) took advantage. Out of 39 beneficiaries 28 beneficiaries were benefited by Covaxin vaccine dose, while 10 were benefited by Covishield vaccine dose.

For this vaccination camp, we received cooperation by the medical officer and staff of Primary health care center of Ichalkaranji. While Principal Dr. V. A. Mane Sir and Vice principal Dr. N. M. Mujawar Sir gave valuable guidance to make this webinar successful. Also, we got cooperation from the teachers and non-teaching staff of the college. Thus, well organized Vaccination camp became successful in terms of health.

In charge: Dr. Pradeep Gaikwad

N.S.S. Programme Officer: Shri A. I. Bandar
