## REPORT ON COLLABORATIVE ACTIVITY FOR RESEARCH

### Introduction:

Inculcating the research culture among the students and faculty is one of the objectives of Shri Venkatesh Mahavidyalaya, Ichalkaranji. The objective is tried to be materialized by establishing a College Research Committee. The committee attempts to kindle the research interest among the faculty members and graduate/post-graduate students. It oversees, scrutinizes and approves the funded research proposals, if any, non-funded research proposals (M. Phil. & Ph.D.) and students research projects at BBA and M.Com Level. It helps its stakeholders to undertake the case study based research work that demands the original primary data from different organizations. In this regard the institution seeks collaboration of different organisations that come forward to share their organizational data for the academic and research purpose. For this purpose the institution has framed a well defined mechanism.

Under CBCS pattern, it is obligatory for the students to undergo Project work in the final year of their respective programmes. To avail students the organizational data for the research, the institution provides students a request letter for the concerned organization with the assurance of its use for academic and research purpose. The students are instructed to take the receipts of these letters and submit it along with their project work. In the academic year 2020-21 the following organisations collaborated the students of M.Com and BBA to pursue their research work by availing their data.
