

Shri N. B. Education Society's

SHRI VENKATESHMAHAVIDYALAYA, ICHALKARANJI

REPORT ON LINKAGES

Introduction: In accordance with the perspective development plan of the institution Shri Venkatesh Mahavidyalaya, Ichalkaranji has taken initiatives to bring the expertise from the industries, academics and other such helpful non -governmental organizations in contact with the students. The purpose of these initiatives is to get students exposure with the first - hand knowledge of these expertise. In this regard within the five years duration the institution has taken following steps:

- 1) MoUs with different reputed organizations
- 2) Academic Collaborations
- 3) Linkages with Business Organizations

The objectives behind taking these steps are as follows:

Step 1: Signing MoU

Objectives:

- To get students guidance from parties (signed under MoUs)
- To avail students facilities of training from these parties
- To get facilities and services
- To get organize Job fairs/Placement opportunities
- To help students get professional /employability skills
- To get technical support by the signing parties for effective administration

Step 2: Academic Collaborations:

Objectives:

- To facilitate student exchange
- To facilitate faculty exchange
- To share knowledge resources
- To get assistance in institutional activities

Step 3: Linkages with Business Organisations:

Objectives:

- To provide students opportunity to do market oriented research
- To avail the students real time data for research

Inculcating the research culture among the students and faculty is one of the objectives of Shri Venkatesh Mahavidyalaya, Ichalkaranji. The objective is tried to be materialized by establishing a College Research Committee. The committee attempts to kindle the research interest among the faculty members and graduate/post-graduate students. It oversees, scrutinizes and approves the funded research proposals, if any, non-funded research proposals (M. Phil. & Ph.D.) and students research projects at BBA and M.Com Level. It helps its stakeholders to undertake the case study based research work that demands the original primary data from different organizations. In this regard the institution seeks linkage with different organizations that come forward to share their organizational data for the academic and research purpose. For this purpose the institution has framed a well defined mechanism.

Under CBCS pattern, it is obligatory for the students to undergo Project work in the final year of their respective programmes. To avail students the organizational data for the research, the institution provides students a request letter for the concerned organization with the assurance of its use for academic and research purpose only. The students are instructed to take the receipts of these letters and submit it along with their project work. The consent of these organization is sought only for the research data purpose and for that duration only.

Under this initiative and with these objectives the institution has receive 110 number of linkages with the following Business organizations.

In all 110 number of students have been benefitted by the abovementioned linkages.
