**Q.4. Query Regarding Shodhganga and e-ShodhSutra being received from
Mongolian Universities.**

The INFLIBNET Centre received numerous queries from Colleges regarding membership to Shodhganga and e-ShodhSutra. Following clarifications are being provided in this regard.

Shodhganga: Shodhganga is an Open Access Repository of full-text theses submitted to universities in India. Membership is not required to browse, view, search and download theses available in Shodhganga. However, INFLIBNET signs MoUs with universities to be able to include references of electronic versions of theses into Shodhganga and synchronize/prepare metadata for uploads into Shodhganga. The eligible universities that sign MoUs with INFLIBNET Center on Shodhganga are provided access to anti-plagiarism software. Colleges are not eligible for free search facility. The website is available at <http://shodhganga.inflibnet.ac.in/>

e-ShodhSutra: Colleges that are covered under 100% K-200 Centers of the UGC Aut and are under direct purview of UGC and entitled to get access to e-resources under 100% programme extend for Colleges' support manager in Agriculture, Engineering, Management, Medical, Pharmacy, Dentistry and Biotech. FLNRI in college component of e-ShodhSutra. It is not possible to provide access to e-resources that are not covered under 100% K-200. As such, Colleges that are already getting access to e-resources under 100% K-200 do not require membership of e-ShodhSutra. More details are available at <http://www.inflibnet.ac.in/e-shodhsutra/>

4.2 Library as a Learning Resource

The library holdings in terms of books, journals and other learning materials and technology-aided learning mechanisms which enable students to acquire information, knowledge and skills required for their study programmes. Due to the development of Information and Communication Technology, the functioning of the library has undergone a drastic change. Automation of library using the ILMS, availability of e-journals and e-books, providing remote access to e-resources in the library has become a matter of necessity. Thus, the availability of e-resources in the library and their utilization by students and staff for academic endures reflect upon the quality of an academic institution.

Detailed Report:

One-day workshop on "Intellectual Property Rights & Business" was organized under Lead College Scheme of Shivaji University, Kolhapur. The workshop focused on how ideas can be converted into innovation and get registered under various Intellectual Property Laws as per their nature. The workshop provided a good opportunity for creative brains. The students and faculties from 10 affiliated colleges covered under the cluster, participated in the workshop. Around 110 participants took benefit of the workshop.

The 21st Century has offered abundant opportunities to young generation to find their career path via creativity and innovation. The evidence has shown that even Tea Shops like Salgar Tea, Harman Tea and the like are being run under franchisee agreement

of the persistent research on ingredients and process of making tea. This is just a simple example of how a business can be developed by innovative minds. The transformation of economy from controlled to decontrolled, investment to disinvestments, regulation to management, nationalization to privatization and domestic trade to global trade etc. has brought transformation in the needs and expectations of society in general and the business world in particular, which has created a conducive environment for aspiring minds. However, they need right guidance regarding generation of ideas, conversion of ideas into innovative products or services and getting their novel products or services or artistic work registered under Intellectual Property Laws, which encompasses Copyrights, Trademarks and Patents etc. Keeping this in mind the said workshop was organized.

Prof. (Mrs.) ShobhaKumbhar, the senior faculty & head of dept. of Electrical Engineering from Sanjay Ghodawat University inaugurated the workshop. Beforehand, Dr. Naushad M. Mujawar, Head of Department of Commerce of the host college and Coordinator of the workshop, presented the theme of workshop and introduced the resource persons. The inaugural function concluded with the vote of thanks given by Dr. D.S. Kamble after presidential remarks of Prin. (Dr.) Vijay A. Mane.

In the first session on '**Flowing Ideas into Innovation**', Prof. (Mrs.) ShobhaKumbhar explained, with suitable real-life examples, as to how ideas can be generated and how they can be converted into innovative products and services. She argued that there is an ample scope for the youths to find the solutions to many burning problems of society through their creativity. Not only that, they can create lucrative business for them through creativity.

The second session was on '**Impact of IPR on Business**' conducted by Prof. Devendra Gouda-Patil, the faculty of Electrical Engineering Department of Sanjay Ghodawat University. He touched upon the critical contents of IPR with special reference to Copyrights, Patents, Trademarks and Designs. With easy-to-understand language, he enlightened the participants on the basic requirements for and the process of registration under IP laws. Both the sessions were followed by interactions.

Around 10 patents are standing under the names of both the resource persons, which helped to make both the sessions lively and interesting. The feedback in written form given by the participants at the end of the day was fairly heartening. The workshop was concluded with the vote of thanks expressed by Asst. Prof. Mr. ToufikNayakwade. Asst. Prof. (Mrs.) Ghorpade and Asst. Prof. (Miss.) MohiniAnchaliya compeered for the workshop.

LEAD COLLEGE WORKSHOP

(2) ONE-DAY WORKSHOP ON 'DRAFT NATIONAL EDUCATION POLICY-2019'

The Government of India has an agenda to use education as a catalytic tool to transform the future of children and youth of India, with a specific focus on quality education, innovation and research, aiming to make India a knowledge superpower. It is argued that the draft National Education Policy will strive to equip the students with the necessary skills and knowledge compatible to current times and useful for national development. However, on the other hand, it is doubted on the ground that it would be detrimental to the interest of underprivileged sections of the society and against the social justice. On this background, the second one-day workshop on 'Draft National Education Policy-2019' was organized on 21st January, 2020, in which around 110 the students and faculties from 10 affiliated colleges covered under the cluster, participated.

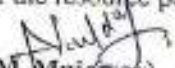

Prof. Sudhakar Mankar, Former Head, Dept. of Commerce, Shahaji Chh. Mahavidyalaya, Kolhapur and activist of Shivaji University Teachers'(SUTA) inaugurated the workshop. Beforchand, Dr. Naushad M. Mujawar, Head of Department of Commerce of the host college and Co-ordinator of the workshop, presented the theme of workshop and introduced the resource persons. The inaugural function concluded with the vote of thanks given by Dr. D.S. Kamble after presidential remarks of Prin. (Dr.) Vijay A. Mane.

The first session on 'Draft National Education Policy-2019: Recommendations' was conducted by Prof. Sudhakar Mankar, in which he reviewed almost all vital recommendations. He argued that the prevailing system of higher education comprised of 799 universities and 39071 affiliated colleges inclusive of 1800 women colleges is not altogether ineffective. However, the recommendation to convert around 800 universities and 40,000 colleges merely into 10,000 to 15,000 institutes will forcefully divert all those, who do not afford to obtain admission to these institutes, to Open and Distance Education mode. Along with this, the financial autonomy is likely to endanger the 'access' and 'equity'— the basic components of the social justice policy of government. Further, the condition of minimum 5 lakh population for a college would result in the closure of many colleges operating in rural and tribal areas.

Moreover, there will be three types of institutions namely (i) Type-I: Research Universities (ii) Type-II: Teaching Universities & (iii) Teaching Colleges, which will be energized by granting them autonomy, providing them public financial support and encouraging the private philanthropic efforts. This means that there will be complete end of affiliation system, which is likely to be a serious impediment to the growth of higher education in the country.

In the second session on 'Implications of Draft National Education Policy-2019', Dr. Subhash Jadhav- Head, Dept. of Economics, D.R. Mane Mahavidyalaya, Kagal, mentioned that Government of India has been spending only 2.74 percent of GDP on education, which is very meager, compared to many other countries of the world. He further argued that the implementation of National Education Policy-2019 in its present form would create serious social problems, as the large chunk of society is likely to be deprived from the quality education.

Six participants expressed their opinions about the theme and organization of the workshop. The workshop was concluded with the vote of thanks expressed by Asst. Prof. Mr. Toufik Nayakwade, Asst. Prof. (Mrs.) Ghorpade and Asst. Prof. (Miss.) Mohini Anchaliya compered for the workshop. All participants were offered Certificates of Participation at the hands of the resource persons.

SESSION-I: ENTREPRENEURSHIP DEVELOPMENT: A NEED

Our Age (2021) is an Entrepreneurial age and at the same time it is an age of 'Innovation.' Fortunately, these innovations are disruptive. The global landscape of business is changing with fast speed. It is time to re-imagine everything. In this realm of startups we have to accelerate innovation. In Agricultural Age 'Land' was the major asset. In Industrial Age big machines, factories were physical assets. In this knowledge society with knowledge economy, service economy many assets are 'intangible.' They are methods adopted in doing things, designs, software and platforms used. This world is now digitally driven world and businesses are being operated in altogether different ways.

New entrepreneurs are coming up from all corners of the different states in India. There is small revolution and it is propelled by these new breed of entrepreneurs. They are changing equations, assumptions. They are aspiring for world class quality. Entrepreneurship is the last resort, option for young graduates from different fields and disciplines. There is awful shrinkage of jobs in government sector. Some of the jobs are substituted by robots and machines. Instead of searching jobs and spending most valuable and productive years of life, young people have to struggle for doing something new, innovative disruptive and entrepreneurship is the right answer. It is high time to create an entrepreneurship.

One has to have some competencies to enter into the world of entrepreneurship. It is unpredictable, volatile, challenging, no doubt. If you have ability to develop some things, create something, if you are ready to organize, and run business of any nature, if you have strong desire to establish, if you have passion to succeed, then you can overcome all challenges and take charge of your enterprise. Open mind, risk taking, positive attitude, ability to get along with people from diverse background and different capacities, these attributes are essential to become successful entrepreneur. Joseph Alois Schumpeter, famous economist and famous 20th century intellectual is known as the father of entrepreneurship. 'Creative destructive' was famous term coined by him. He was advocating strongly that entrepreneurship is the source of innovation and it is must for economic growth.

In India, many entrepreneurs are doing business with grand success. Govt. of India and some state governments also are pro-active and supporting entrepreneurs in general and women entrepreneurs in particular. Collaboration with big corporates like Cisco are established. Help is provided for skilling and mentorship. Incubations, programs for financial and marketing assistance are undertaken. National Entrepreneurs Network has been created. The institutes such as IIM-Ahmedabad, IIT-Bombay, BIT's Piloni are the founding fathers. Entrepreneurship is the youngest discipline In India. Universities and Colleges across India have established 'e' cells and have promoted this discipline.

Many Indian Startups are role models of entrepreneurs and they are models or global companies. Just to name few of them are 'Oyo Rooms' by Ritesh Agarwal, 'Yourstory' by Shraddha Sharma, 'OLA cabs' by Bhavesh Agarwal, 'Paytm' by Vijayshekar Sharma, Zomato by Deepindar Goyal, Flipcart by Binay Bansal and Sachin Bansal, 'Make myTrip' by Deep Kalra, BYJU by Byju Ravindran. All these companies and their owners are successful entrepreneurs. They are all marching from zero club to hero club. Even *Vadawalas*, *Bhelwalas*, *Biryaniwalas* in cities across the country are small entrepreneurs. Nilim Mishra's Godhadī (Blanket), Jagjit Singh's Honey, Kanegonkar's Perfumes Nandkishor Choudary's handwoven rugs are the best examples of ambitious entrepreneurs.

All these visionary and enterprising minds ventured in different field of businesses and they have generated very good job opportunities for millions of people. They have given boost to Indian economy and at the same time have provided different kind of prompt and speedy services to customers and consumers.

Thomas Watson of IBM says 'Work is the best therapy' you do not need any supplement if you are busy with a good work. Young minds have to follow this idea of great industrialist and entrepreneur in the world.

CONVENER'S MESSAGE

DR. S. N. JARANDIKAR

M.A. (Eng.), Ph.D.

Asst. Professor in English

Shri Venkatesh Mahavidyalaya, Ichalkaranji

Dist: Kolhapur (M/S)

We are very much aware that the Covid-19 pandemic has disrupted the whole world to an unimaginable extent. Several conventional practices and skills needed for employment and entrepreneurship have turned outdated and require adaptation to sustain in such an extreme situation. In return, the world has been surging with several new concepts and forms of employment in various fields. Digital transformations, hybrid models of human resources and emergence of new digital skills for employment have changed the very fabric of society resulting in finding out more new modes of recruitments and entrepreneurship. Along with the world of trade and business, a change is also perceptible in the field of arts and languages regarding the employment opportunities. In this connection extension systems working in the academic and non-academic platforms seem to play major role in equipping coming generations of employees to adapt new employment and entrepreneurial skills. Several extension activities such as conducting new programs, providing training, organizing workshops and including the collaborative activities through linkages in the areas of research, human resource management and several other frontiers can strengthen the employability and other necessary skills in this new environment. Keeping in mind such a demand in this 'new normal' world, the IQAC of Shri Venkatesh Mahavidyalaya, Ichalkaranji, planned to conduct a virtual seminar. I am indeed happy and wish to express my sincere thanks to the principal of our college who provided me an opportunity to work as a convener for such an academic endeavour. In organizing this webinar the IQAC of the college had the following objectives in mind:

- 1) To explore the nature, scope and opportunities of employment in various fields in new

normal

- 2) To identify new trends of entrepreneurship in the current scenario
- 3) To explore the new employability skills in various fields
- 4) To churn out new ideas for better recruitment/ employment prospect of the youth in the society in changing scenario
- 5) To discuss emerging systems of extension activities to boost entrepreneurial and employability skills
- 6) To envisage emerging threats to employment and entrepreneurship for the employable groups of the society

Shivaji University, Kolhapur through its Centre of Skills and Entrepreneurship Development and LL & E has been remarkably working in the same direction. Therefore the IQAC of the college sent a proposal for the collaborative activity to the university and we received a favourable response. I extend my sincere thanks to Dr. A. M. Gurav, in charge director of LL&E and CSED who took a major initiative and contributed to a large extent in conducting the webinar. I would also like to thank honourable Vice Chancellor Prof. Dr. D. T. Shirke for accepting our invitation to inaugurate the webinar. It is my sincere duty to thank Dr. Nandkumar Mekoth, Dr. B. M. Hirdekar and Dr. Anil Rao-Paila whose deliberations on the theme of the webinar have opened up very new avenues. We have tried to bring their ideas in a printed form in the webinar proceedings. I feel it my honest duty to express my thanks to the participants of this webinar who have added new insights through their research articles. It is my immense pleasure to put forth all these research contributions in a form of webinar proceedings under the editorship of Dr. N. M. Mujawar. My sincere thanks are due to him. I honestly hope that the proceedings of the webinar would serve a purpose of documenting those various ideas that have propped up through the discussions at the webinar. Though everything cannot be tapped in one attempt and many things are yet to be sought, we know that research is a continuous process and these kinds of webinar help to pave the further way for a journey ahead.

Before I conclude, I extend my whole hearted thanks to the office bearers of N. B. Education Society. I owe my deep sense of gratitude towards co-convenor Dr. S. H. Ambawade who constantly went through the research articles to bring them to the mark of proceedings, my colleagues, administrative staff of our college and the authorities as well as the technical staff of Shivaji University, Kolhapur for providing me a continuous support in organizing the webinar. I hope that all of you will welcome the online publication of the Webinar Proceedings and extend your cooperation in future too.

The very objective of LL& E and CSED is to create a platform for the development of employability skills and to create opportunities of entrepreneurship in the society. The Department of LL&E is keen to enhance field outreach activities. It also seeks to develop skills for community research. I feel to emphasize that to bridge gap between formal and non-formal education, to reach to deprived groups of society, to provide need-based learning opportunities to social communities or to build a platform for vocational education and employment are the very core activities that the Department of LL&E undertakes. At present it offers 79 on and off the campus courses, in collaborative and interdisciplinary manner.

In this direction, organising webinar on the said theme and working on it in a collaborative form was really a wonderful task for us. I must specifically mention the innovative practice we introduced in this webinar and that was ‘making an online live marketing of the region- specific goods as the part of the webinar activity. We also introduced the online cultural programme as a presentation of skills, students can use for identifying their employability skills. I feel that these innovative practices are first of its kind in the organisation of national webinar. I am indeed delighted that such an activity has led us to materialize the objectives of the Department in its true sense. Dr. V.A. Mane, honourable Principal of Shri Venkatesh Mahavidyalaya, Ichalkaranji had been very keen in initiating such a joint venture and all the team of Shri Venkatesh Mahavidyalaya and LL&E and CSED has taken efforts in executing the plan of organising such a kind of interdisciplinary national webinar.

At this occasion I would like to express my sincere thanks to honourable Vice-Chancellor, Prof. (Dr.) D. T. Shirke who approved and appreciated our act of collaborative efforts and with his auspicious presence graced the inaugural ceremony of the webinar. The webinars of such kind are actually the platforms where sharing, exploring and churning of new ideas and thoughts are possible. It was very fortunate for us that Prof. (Dr.) Nandkumar Mekoth, Prof. (Dr.) Anil Rao, Dr. B. M. Hirdekar and Prof. (Dr.) Dilip Patil who are the renowned personalities in their own fields accepted our invitation and expounded their innovative ideas in regard to the theme of the webinar. It is definitely a great achievement of the webinar. I must thank them all.

As the major objective of the webinar was to initiate a discourse by the academicians, industrialists, thinkers and the representatives of the young generation from different disciplines on the possibilities of new employment opportunities and need of extension activities in developing entrepreneurial skills, we are happy to receive the participants’ responses in the form of research articles. We are publishing certain selected research articles in the form of webinar proceedings. I wish to express my thanks to the delegates who participated and presented their ideas in the webinar. I hope that the webinar proceedings will be received by the several stakeholders and will initiate a new dialogue further.

I greet my best wishes to the coordinating team of the webinar and thank all of those who contributed in making this event fruitful.

Detailed Report:
A one-day International Conference on *'Advanced and Innovative Practices in Commerce and Management, Science and Technology, Humanities , Languages and Their Role In Achieving The Exponential Growth'* was organized by ant at Shri Venkatesh Mahavidyalaya, Ichalkaranji Dist: Kolhapur, (Maharashtra) on 16th February, 2019 in collaboration with Shivaji University Commerce and Management Teachers Association

(SUCOMATA) and Bharati Vidyapith Deemed University's Institute of Management and Entrepreneurship Development (IMED), Pune, as knowledge partners.

Compared to earlier centuries, the 21st Century has been experiencing the rapid speed of change, which is transforming the whole world in many ways. The first Industrial Revolution, taken place in the late 18th century, changed the then world with steam power and mechanization, the Second Revolution, taken place in the late 19th century, with electricity and assembly lines, the Third Revolution, taken place in the mid-20th century, with Information-Communication Technology and Automation. Now a wide range of new technologies and innovations has been changing the ways of doing business and almost everything done by the people. This Fourth Revolution, rightly termed as Industry 4.0 encompasses many new technologies and innovations like Artificial Intelligence (AI), Virtual Reality (VR), smart robots, chatbots, the Internet of Things (IoT) and so on and so forth. Sophia, whom Saudi Arabia has conferred its citizenship, is the best creation of Artificial Intelligence. The entire value chain is being digitized, which resulted in interconnection of people, resources, tools and systems, objects and entities through real-time data exchange. The concepts of paperless offices and man-less factories are getting firm roots in the society. These aspects of growth and development have touched almost all aspects of human life. This pace of change has raised many questions for which the research scholars have to be chest thumping and muscle flexing in finding the solutions in coming times. Every discipline has to contribute towards this end. Bearing this in mind the above-said International Conference was organized.

This conference succeeded in bringing together the best and innovative minds from academic fields, social and corporate world to discuss the issues, challenges, new trends, strategies, innovations and best practices in Commerce and Management, Economics and other Social Sciences, Science and Technology, Computer Science and Information Technology, Humanities and Environment, Education, Literature and Law and the like. The chief objectives behind holding the conference were....

- (1) To provide a platform for interactive sessions between researchers, practitioners, policymakers and academicians from a range of disciplines and countries
- (2) To provide a networking opportunity for exchange of multidisciplinary ideas with a hope to develop the solutions to the current issues that hinders the momentum of economic growth and development
- (3) To provide an opportunity to participants to learn about the best and state-of-art technologies, the best practices in various disciplines and global experiences

It was inaugurated at the auspicious hands of Mr. M. B. Shaikh, the famous industrialist of Kolhapur, in the presence of office-bearers of Shri. Narayanrao Babasaheb Society, Ichalkaranji and the knowledge partners. In his inaugural address, Mr. Shaikh spoke about the importance and relevance of the theme of the conference and elaborated the current happenings in various fields. Beforehand, Principal Dr. Vijay Annaso Mane welcomed and introduced the guests and Dr. Naushad Makbool Mujawar, the Conference Convener, explained the theme and objectives of the conference. Vice-Chairman of parent institution Mr. Uday Tatoba Lokhande gave the presidential remarks. The inaugural session was concluded with the vote of thanks proposed by Mrs. Sunita Hansraj Ambawade, the Conference Secretary. Dr. Shubhangi Jarandikar and Ms. Mohini Anchaliya compered for the session. The six volumes of Research Journal were officially published during the inaugural session, the special issue (No. 49) whereof was brought out by Aayushi International Interdisciplinary Research Journal (AIIRJ)—a peer-reviewed and indexed journal bearing ISSN 2349 -638x (Latur, Maharashtra)

Dr. Sachin S. Vernekar, in his keynote address, compared the advanced and innovative practices of various countries with India. He added the conference theme was

very effective and relevant to the current happening in the entire globe and appreciated the efforts of the college in bringing together the researchers of almost all-important disciplines on the common platform.

Plenary session on '*Higher Education: Yesterday, Today and Tomorrow*' was conducted by Prof. (Dr.) Annaso M. Gurav, Dean, Faculty of Commerce and Management, Shivaji University, Litton Mowalie (Bangladesh), Mr. Uday Lokhande (Representative of Education Society), Mr. Prakash Patil (Social Worker & Corporator), Dr. Ashok Bachulkar (Senior Faculty), Mr. Ghodake (Head Master), Mr. Shivaji Shinde (Bank Manager) actively participated in this session.

In post-lunch session, technical sessions I and II were conducted in eight different tracks, created discipline-wise and chaired by senior teachers in the respective fields of the study. Research students were also given an opportunity to share their research outputs. The researchers from different states of India and also from Bangladesh, Iran and Iraq presented their research papers. A nice blend of senior researchers and new generation researchers was achieved in technical sessions.

In Valedictory Function, Prin. Dr. Vijay Mane welcomed the guests and chairperson and appreciated all resource persons for their presentations and deliberations. Dr. Naushad Mujawar, the convener, presented the report of the conference, briefly quoting each and every moment. REPORT ON ORIENTATION SESSIONS

To introduce the students with the mechanism of the college and its code of conduct, the institution organizes the Orientation cum Induction Programme every year for the newly admitted students. The programme is organized by the Discipline Committee in collaboration with IQAC. In the academic year 2020-21 the college could not be commenced due to the Covid 19 outbreak and its subsequent lockdown situation. Therefore the online videos of IQAC Coordinator Dr. S. N. Jarandikar and Principal Dr. V. A. Mane were shared among the students through the authorized telegram groups on 12th and 13th September 2020 respectively for informing students the rules and regulations of the college. They were also informed through the notice of the code of conduct necessary to be observed for an online teaching learning procedure. Besides that at the time of the eligibility process of the students, they were instructed about the rules and regulation in the orientation session. Though it was University Examination period for the II and III year degree students by observing the guidelines of the social distancing the students were counselled by the IQAC Coordinator and the principal of the college. These induction/orientation sessions were conducted from 10th October 2020 to 15 October, 2020. All the newly admitted students were benefitted by it.

Below are certain screenshots and photographs of the event of online and off line activities conducted for orientating the students.

Quiz Contest Report

Sub - 'Health and Personal Hygiene'

The *Medical Club and IQAC* of Shri Venkatesh Mahavidyalaya, Ichalkaranji jointly organized Online quiz contest through google form on the subject of '*Health and Personal Hygiene*'

It is said that 'Health Is Wealth' but very a few of us consider it seriously. Since March 2020, the issues of health and hygiene have become crucial. In this pandemic situation millions of people not only became sick but also died, and one of the important reasons behind it was health. Therefore, it has become essential to make people aware about their health. Considering this, to create an awareness about health among our colleges staff, students as well as the people of the society there was organized an online quiz contest on 'health and personal hygiene' by the College. There were twenty questions included in this quiz contest and each question had four options. All the questions were based on health and personal hygiene. Every year various activities are taken through medical club regarding health issues. This activity was a part of these activities. The link for the said quiz contest was accessible from 31st August, 2021 to 14th September, 2021 so that maximum number of people will be involved. At the end of September 14, 2021, total 201 people participated in this quiz contest and submitted their responses online. As well as each participating contestant was issued an E-certificate of participation.

To make this contest successful, we received valuable support from Principal Dr. V. A. Mane and the guidance from the Vice-Principal Dr. N. M. Mujawar as well as we received valuable support from all teaching and non-teaching staff of the college in conveying this quiz quintets to maximum individuals.

Yours Sincerely,

Mr. (Dr.) Pradeep Gaikwad
(In-charge, Medical Club)

Report On Lead Workshop

GOVERNMENT SCHEMES FOR ENTREPRENEURIAL GROWTH (Online Mode)

Entrepreneurial growth is important for promoting social change as well as driving innovation. Successful entrepreneurship brings about the improvement in standard of living and contributes towards creation of wealth and jobs. Entrepreneurs are rightly regarded as the Prophet of Economic Development of a country. Whenever an entrepreneur innovates new product or service, he provides a new combination of resources in the society, which pioneers a new organization, creates new jobs with new skills and increases the nation's wealth. While competing graduation, the students should make their minds to do business instead of running after jobs. There are a number of micro and small business ideas, and government schemes to support them financially through various schemes, about which the students are ignorant. Therefore, with a view to acquaint the students with various business ideas, business skills and government's supportive and incentive schemes, one-day online workshop under lead college scheme was organized on 17th June, 2021. One hundred students and faculties from 10 affiliated colleges covered under the cluster, participated in the online workshop.

Dr. Abid Salati, Dean, School of Commerce and Management at Sanjay Ghodawat University, Hatkanangale, Kolhapur, inaugurated the workshop and also gave key-note address. In the inaugural session, Dr. N.M. Mujawar, the co-ordinator, presented the theme of workshop and introduced the chief guest and resource persons, whom Prin. Dr. V.A. Mane welcomed.

The first session on '**Skill Development for undertaking New Projects under Start-up India, Stand-up India and Skill India Schemes**' was conducted by Prof. A.B. Konge, of Sanjay Ghodawat University, in which he reviewed all important skills required for doing business and schemes launched by central and state governments and other NGOs.

The chairman of Alumni Association (The Venkateshians) and Chartered Accountant Bhalchandra Thigale conducted the second session on '**Funding and Subsidies for New Projects.**' With suitable examples and numerical details, he made participants familiar with all government funding schemes and subsidies launched for new projects.

The participants were very contented about the resource person's presentations and gave encouraging feedback on both the sessions. The workshop was concluded with the vote of thanks expressed by Dr. Deepak S. Kamble. Asst. Prof. (Mrs.) Ghorpade and Asst. Prof. (Miss.) Mohini Anchaliya compeered for the workshop. All participants were offered e-Certificates of Participation.
