Detailed Report:

A one-day International Conference on *'Advanced and Innovative Practices in Commerce and Management, Science and Technology, Humanities, Languages and Their Role In Achieving The Exponential Growth'* was organized by ant at Shri Venkatesh Mahavidyalaya, Ichalkaranji Dist: Kolhapur, (Maharashtra) on 16th February, 2019 in collaboration with Shivaji University Commerce and Management Teachers Association

(SUCOMATA) and Bharati Vidyapith Deemed University's Institute of Management and Entrepreneurship Development (IMED), Pune, as knowledge partners.

Compared to earlier centuries, the 21st Century has been experiencing the rapid speed of change, which is transforming the whole world in many ways. The first Industrial Revolution, taken place in the late 18th century, changed the then world with steam power and mechanization, the Second Revolution, taken place in the late 19th century, with electricity and assembly lines, the Third Revolution, taken place in the mid-20th century, with Information-Communication Technology and Automation. Now a wide range of new technologies and innovations has been changing the ways of doing business and almost everything done by the people. This Fourth Revolution, rightly termed as Industry 4.0 encompasses many new technologies and innovations like Artificial Intelligence (AI), Virtual Reality (VR), smart robots, chatbots, the Internet of Things (IoT) and so on and so forth. Sophia, whom Saudi Arabia has conferred its citizenship, is the best creation of Artificial Intelligence. The entire value chain is being digitized, which resulted in interconnection of people, resources, tools and systems, objects and entities through real-time data exchange. The concepts of paperless offices and man-less factories are getting firm roots in the society. These aspects of growth and development have touched almost all aspects of human life. This pace of change has raised many questions for which the research scholars have to be chest thumping and muscle flexing in finding the solutions in coming times. Every discipline has to contribute towards this end. Bearing this in mind the above-said International Conference was organized.

This conference succeeded in bringing together the best and innovative minds from academic fields, social and corporate world to discuss the issues, challenges, new trends, strategies, innovations and best practices in Commerce and Management, Economics and other Social Sciences, Science and Technology, Computer Science and Information Technology, Humanities and Environment, Education, Literature and Law and the like. The chief objectives behind holding the conference were....

- (1) To provide a platform for interactive sessions between researchers, practitioners, policymakers and academicians from a range of disciplines and countries
- (2) To provide a networking opportunity for exchange of multidisciplinary ideas with a hope to develop the solutions to the current issues that hinders the momentum of economic growth and development
- (3) To provide an opportunity to participants to learn about the best and state-of-art technologies, the best practices in various disciplines and global experiences

It was inaugurated at the auspicious hands of Mr. M. B. Shaikh, the famous industrialist of Kolhapur, in the presence of office-bearers of Shri. Narayanrao Babasaheb Society, Ichalkaranji and the knowledge partners. In his inaugural address, Mr. Shaikh spoke about the importance and relevance of the theme of the conference and elaborated the current happenings in various fields. Beforehand, Principal Dr. Vijay Annaso Mane welcomed and introduced the guests and Dr. Naushad Makbool Mujawar, the Conference Convener, explained the theme and objectives of the conference. Vice-Chairman of parent institution Mr. Uday Tatoba Lokhande gave the presidential remarks. The inaugural session was concluded with the vote of thanks proposed by Mrs. Sunita Hansraj Ambawade, the Conference Secretary. Dr. Shubhangi Jarandikar and Ms. Mohini Anchaliya compeered for the session. The six volumes of Research Journal were officially published during the inaugural session, the special issue (No. 49) whereof was brought out by Aayushi International Interdisciplinary Research Journal (AIIRJ)—a peer-reviewed and indexed journal bearing ISSN 2349 -638x (Latur, Maharashtra)

Dr. Sachn S. Vernekar, in his keynote address, compared the advanced and innovative practices of various countries with India. He added the conference theme was

very effective and relevant to the current happening in the entire globe and appreciated the efforts of the college in bringing together the researchers of almost all-important disciplines on the common platform.

Plenary session on '*Higher Education: Yesterday, Today and Tomorrow*' was conducted by Prof. (Dr.) Annaso M. Gurav, Dean, Faculty of Commerce and Management, Shivaji University. Litton Mowalie (Bangladesh), Mr. Uday Lokhande (Representative of Education Society), Mr. Prakash Patil (Social Worker & Corporator), Dr. Ashok Bachulkar (Senior Faculty), Mr. Ghodake (Head Master), Mr. Shivaji Shinde (Bank Manager) actively participated in this session.

In post-lunch session, technical sessions I and II were conducted in eight different tracks, created discipline-wise and chaired by senior teachers in the respective fields of the study. Research students were also given an opportunity to share their research outputs. The researchers from different states of India and also from Bangladesh, Iran and Iraq presented their research papers. A nice blend of senior researchers and new generation researchers was achieved in technical sessions.

In Valedictory Function, Prin. Dr. Vijay Mane welcomed the guests and chairperson and appreciated all resource persons for their presentations and deliberations. Dr. Naushad Mujawar, the convener, presented the report of the conference, briefly quoting each and every moment. Meanwhile, the feedback was collected from participants, a few of whom interestingly shared it with audience. Dr. Gurnath J. Fagare, Principal of Sanjay Ghodawat's Khivraj Kanya Mahavidyalaya, Jaysingpur, in his valedictory address as chief guest, focused on need of undertaking the constructive and integrated efforts to make human life more comfortable. Dr. R.S. Salunkhe, the chairperson of valedictory function, delivered the presidential remarks. Certificates and copies of Research Journal were distributed to participants at the end of the session. The valedictory function was concluded with the vote of thanks proposed by Mr. Anant Keshav Ganbawle, the Assistant Professor of the college. He individually thanked everyone who directly and indirectly contributed towards organizing the conference.

THEME OF CONFERENCE

The fate of the 21st century economy is four fold on development of generic skills and entrepreneurial drives among the youths worldwide in general and India in particular. The central government of India is also taking concrete initiatives towards this end, which is reflected in recently announced entrepreneurship development schemes like Start-up India, Stand-up India and Skill India etc. The international interdisciplinary conference, therefore, aims at addressing the new horizons emerging in the fields of commerce, management, social science and technology. It aims to bring innovative academics, researchers, practitioners, scholars and budding students on one common platform to present and discuss the most recent innovations, research concepts and trends relating to several disciplines with a view to foster research relations between universities and industries to gear up the swift growth and development.

CONFERENCE OBJECTIVES

- (1) To provide a platform for interactive sessions between researchers, practitioners, policymakers and academicians to share the recent trends in skills and entrepreneurship development
- (2) To provide a networking opportunity for exchange of multidisciplinary ideas with a view to develop the ecosystem for skills and entrepreneurship development in various fields

SESSION-I: ENTREPRENEURSHIP DEVELOPMENT: A NEED

Our Age (2021) is an Entrepreneurial age and at the same time it is an age of 'Innovation.' Fortunately, these innovations are disruptive. The global landscape of business is changing with fast speed. It is time to re-imagine everything. In this realm of startups we have to accelerate innovation. In Agricultural Age 'Land' was the major asset. In Industrial Age big machines, factories were physical assets. In this knowledge society with knowledge economy, service economy many assets are 'intangible.' They are methods adopted in doing things, designs, software and platforms used. This world is now digitally driven world and businesses are being operated in altogether different ways.

New entrepreneurs are coming up from all corners of the different states in India. There is small revolution and it is propelled by these new breed of entrepreneurs. They are changing equations, assumptions. They are aspiring for world class quality. Entrepreneurship is the last resort, option for young graduates from different fields and disciplines. There is awful shrinkage of jobs in government sector. Some of the jobs are substituted by robots and machines. Instead of searching jobs and spending most valuable and productive years of life, young people have to struggle for doing something new, innovative disruptive and entrepreneurship is the right answer. It is high time to create an entrepreneurship.

One has to have some competencies to enter into the world of entrepreneurship. It is unpredictable, volatile, challenging, no doubt. If you have ability to develop some things, create something, if you are ready to organize, and run business of any nature, if you have strong desire to establish, if you have passion to succeed, then you can overcome all challenges and take charge of your enterprise. Open mind, risk taking, positive attitude, ability to get along with people from diverse background and different capacities, these attributes are essential to become successful entrepreneur. Joseph Alois Schumpeter, famous economist and famous 20th century intellectual is known as the father of entrepreneurship. 'Creative destructive' was famous term coined by him. He was advocating strongly that entrepreneurship is the source of innovation and it is must for economic growth.

In India, many entrepreneurs are doing business with grand success. Govt. of India and some state governments also are pro-active and supporting entrepreneurs in general and women entrepreneurs in particular. Collaboration with big corporates like Cisco are established. Help is provided for skilling and mentorship. Incubations, programs for financial and marketing assistance are undertaken. National Entrepreneurs Network has been created. The institutes such as IIM-Ahmedabad, IIT-Bombay, BIT's Piani are the founding fathers. Entrepreneurship is the youngest discipline In India. Universities and Colleges across India have established 'e' cells and have promoted this discipline.

Many Indian Startups are role models of entrepreneurs and they are models or global companies. Just to name few of them are 'Oyo Rooms' by Ritesh Agarwal, 'Yourstory' by Shraddha Sharma, 'OLA cabs' by Bhavesh Agarwal, 'Paytm' by Vijayshekhar Sharma, Zomato by Deepindar Goyal, Flipcart by Binay Bansal and Sachin Bansal, 'Make myTrip' by Deep Kalra, BYJU by Byju Ravindran. All these companies and their owners are successful entrepreneurs. They are all marching from zero club to hero club. Even *Vadawalas*, *Bhelwalas*, *Biryaniwalas* in cities across the country are small entrepreneurs. Nilim Mishra's Godhadi (Blanket), Jagjit Singh's Honey, Kanegonkar's Perfumes Nandkishor Choudary's handwoven rugs are the best examples of ambitious entrepreneurs.

All these visionary and enterprising minds ventured in different field of businesses and they have generated very good job opportunities for millions of people. They have given boost to Indian economy and at the same time have provided different kind of prompt and speedy services to customers and consumers.

Thomas Watson of IBM says 'Work is the best therapy' you do not need any supplement if you are busy with a good work. Young minds have to follow this idea of great industrialist and entrepreneur in the world.

Dr. B.M. Hirdekar

DR. S. N. JARANDIKAR

M.A. (Eng.), Ph.D.

Asst. Professor in English

Shri Venkatesh Mahavidyalaya, Ichalkaranji

Dist: Kolhapur (M/S)

We are very much aware that the Covid-19 pandemic has disrupted the whole world to an unimaginable extent. Several conventional practices and skills needed for employment and entrepreneurship have turned outdated and require adaptation to sustain in such an extreme situation. In return, the world has been surging with several new concepts and forms of employment in various fields. Digital transformations, hybrid models of human resources and emergence of new digital skills for employment have changed the very fabric of society resulting in finding out more new modes of recruitments and entrepreneurship. Along with the world of trade and business, a change is also perceptible in the field of arts and languages regarding the employment opportunities. In this connection extension systems working in the academic and non-academic platforms seem to play major role in equipping coming generations of employees to adapt new employment and entrepreneurial skills. Several extension activities such as conducting new programs, providing training, organizing workshops and including the collaborative activities through linkages in the areas of research, human resource management and several other frontiers can strengthen the employability and other necessary skills in this new environment. Keeping in mind such a demand in this 'new normal' world, the IQAC of Shri Venkatesh Mahavidyalaya, Ichalkaranji, planned to conduct a virtual seminar. I am indeed happy and wish to express my sincere thanks to the principal of our college who provided me an opportunity to work as a convener for such an academic endeavour. In organizing this webinar the IQAC of the college had the following objectives in mind:

- 1) To explore the nature, scope and opportunities of employment in various fields in new

normal

- 2) To identify new trends of entrepreneurship in the current scenario
- 3) To explore the new employability skills in various fields
- 4) To churn out new ideas for better recruitment/ employment prospect of the youth in the society in changing scenario
- 5) To discuss emerging systems of extension activities to boost entrepreneurial and employability skills
- 6) To envisage emerging threats to employment and entrepreneurship for the employable groups of the society

Shivaji University, Kolhapur through its Centre of Skills and Entrepreneurship Development and LL & E has been remarkably working in the same direction. Therefore the IQAC of the college sent a proposal for the collaborative activity to the university and we received a favourable response. I extend my sincere thanks to Dr. A. M. Gurav, in charge director of LL&E and CSED who took a major initiative and contributed to a large extent in conducting the webinar. I would also like to thank honourable Vice Chancellor Prof. Dr. D. T. Shirke for accepting our invitation to inaugurate the webinar. It is my sincere duty to thank Dr. Nandkumar Mekoth, Dr. B. M. Hirdekar and Dr. Anil Rao-Paila whose deliberations on the theme of the webinar have opened up very new avenues. We have tried to bring their ideas in a printed form in the webinar proceedings . I feel it my honest duty to express my thanks to the participants of this webinar who have added new insights through their research articles. It is my immense pleasure to put forth all these research contributions in a form of webinar proceedings under the editorship of Dr. N. M. Mujawar. My sincere thanks are due to him. I honestly hope that the proceedings of the webinar would serve a purpose of documenting those various ideas that have propped up through the discussions at the webinar. Though everything cannot be tapped in one attempt and many things are yet to be sought, we know that research is a continuous process and these kinds of webinar help to pave the further way for a journey ahead.

Before I conclude, I extend my whole hearted thanks to the office bearers of N. B. Education Society. I owe my deep sense of gratitude towards co-convenor Dr. S. H. Ambawade who constantly went through the research articles to bring them to the mark of proceedings, my colleagues, administrative staff of our college and the authorities as well as the technical staff of Shivaji University, Kolhapur for providing me a continuous support in organizing the webinar. I hope that all of you will welcome the online publication of the Webinar Proceedings and extend your cooperation in future too.

KNOWLEDGE PARTNER'S MESSAGE

Prof. (Dr.) A. M. Gurav

I/C Director, Department of Lifelong Learning and Extension

Center for Skills and Entrepreneurship Development
Shivaji University, Kolhapur

It is indeed a moment of happiness that the Department of Lifelong Learning and Extension and Centre for Skills and Entrepreneurship Development of Shivaji University, Kolhapur organized an Interdisciplinary National Webinar on the theme of

“Employment, Entrepreneurship and Extension” in collaboration with Shri Venkatesh Mahavidyalaya, Ichalkaranji. The very objective of LL& E and CSED is to create a platform for the development of employability skills and to create opportunities of entrepreneurship in the society. The Department of LL&E is keen to enhance field outreach activities. It also seeks to develop skills for community research. I feel to emphasize that to bridge gap between formal and non-formal education, to reach to deprived groups of society, to provide need-based learning opportunities to social communities or to build a platform for vocational education and employment are the very core activities that the Department of LL&E undertakes. At present it offers 79 on and off the campus courses, in collaborative and interdisciplinary manner.

In this direction, organising webinar on the said theme and working on it in a collaborative form was really a wonderful task for us. I must specifically mention the innovative practice we introduced in this webinar and that was ‘making an online live marketing of the region- specific goods as the part of the webinar activity. We also introduced the online cultural programme as a presentation of skills, students can use for identifying their employability skills. I feel that these innovative practices are first of its kind in the organisation of national webinar. I am indeed delighted that such an activity has led us to materialize the objectives of the Department in its true sense. Dr. V.A. Mane, honourable Principal of Shri Venkatesh Mahavidyalaya, Ichalkaranji had been very keen in initiating such a joint venture and all the team of Shri Venkatesh Mahavidyalaya and LL&E and CSED has taken efforts in executing the plan of organising such a kind of interdisciplinary national webinar.

At this occasion I would like to express my sincere thanks to honourable Vice-Chancellor, Prof. (Dr.) D. T. Shirke who approved and appreciated our act of collaborative efforts and with his auspicious presence graced the inaugural ceremony of the webinar. The webinars of such kind are actually the platforms where sharing, exploring and churning of new ideas and thoughts are possible. It was very fortunate for us that Prof. (Dr.) Nandkumar Mekoth, Prof. (Dr.) Anil Rao, Dr. B. M. Hirdekar and Prof. (Dr.) Dilip Patil who are the renowned personalities in their own fields accepted our invitation and expounded their innovative ideas in regard to the theme of the webinar. It is definitely a great achievement of the webinar. I must thank them all.

As the major objective of the webinar was to initiate a discourse by the academicians, industrialists, thinkers and the representatives of the young generation from different disciplines on the possibilities of new employment opportunities and need of extension activities in developing entrepreneurial skills, we are happy to receive the participants’ responses in the form of research articles. We are publishing certain selected research articles in the form of webinar proceedings. I wish to express my thanks to the delegates who participated and presented their ideas in the webinar. I hope that the webinar proceedings will be received by the several stakeholders and will initiate a new dialogue further.

I greet my best wishes to the coordinating team of the webinar and thank all of those who contributed in making this event fruitful.

Report On Lead Workshop

GOVERNMENT SCHEMES FOR ENTREPRENEURIAL GROWTH (Online Mode)

Entrepreneurial growth is important for promoting social change as well as driving innovation. Successful entrepreneurship brings about the improvement in standard of living and contributes towards creation of wealth and jobs. Entrepreneurs are rightly regarded as the Prophet of Economic Development of a country. Whenever an entrepreneur innovates new product or service, he provides a new combination of resources in the society, which pioneers a new organization, creates new jobs with new skills and increases the nation's wealth. While competing graduation, the students should make their minds to do business instead of running after jobs. There are a number of micro and small business ideas, and government schemes to support them financially through various schemes, about which the students are ignorant. Therefore, with a view to acquaint the students with various business ideas, business skills and government's supportive and incentive schemes, one-day online workshop under lead college scheme was organized on 17th June, 2021. One hundred students and faculties from 10 affiliated colleges covered under the cluster, participated in the online workshop.

Dr. Abid Salati, Dean, School of Commerce and Management at Sanjay Ghodawat University, Hatkanangale, Kolhapur, inaugurated the workshop and also gave key-note address. In the inaugural session, Dr. N.M. Mujawar, the co-ordinator, presented the theme of workshop and introduced the chief guest and resource persons, whom Prin. Dr, V.A. Mane welcomed.

The first session on '**Skill Development for undertaking New Projects under Start-up India, Stand-up India and Skill India Schemes**' was conducted by Prof. A.B. Konge, of Sanjay Ghodawat University, in which he reviewed all important skills required for doing business and schemes launched by central and state governments and other NGOs.

The chairman of Alumni Association (The Venkateshians) and Chartered Accountant Bhalchandra Thigale conducted the second session on '**Funding and Subsidies for New Projects.**' With suitable examples and numerical details, he made participants familiar with all government funding schemes and subsidies launched for new projects.

The participants were very contented about the resource person's presentations and gave encouraging feedback on both the sessions. The workshop was concluded with the vote of thanks expressed by Dr. Deepak S. Kamble. Asst. Prof. (Mrs.) Ghorpade and Asst. Prof. (Miss.) Mohini Anchaliya compeered for the workshop. All participants were offered e-Certificates of Participation.

Detailed Report:

One-day workshop on “Intellectual Property Rights & Business” was organized under Lead College Scheme of Shivaji University, Kolhapur. The workshop focused on how ideas can be converted into innovation and get registered under various Intellectual Property Laws as per their nature. The workshop provided a good opportunity for creative brains. The students and faculties from 10 affiliated colleges covered under the cluster, participated in the workshop. Around 110 participants took benefit of the workshop.

The 21st Century has offered abundant opportunities to young generation to find their career path via creativity and innovation. The evidence has shown that even Tea Shops like Salgar Tea, Harman Tea and the like are being run under franchisee agreement

of the persistent research on ingredients and process of making tea. This is just a simple example of how a business can be developed by innovative minds. The transformation of economy from controlled to decontrolled, investment to disinvestments, regulation to management, nationalization to privatization and domestic trade to global trade etc. has brought transformation in the needs and expectations of society in general and the business world in particular, which has created a conducive environment for aspiring minds. However, they need right guidance regarding generation of ideas, conversion of ideas into innovative products or services and getting their novel products or services or artistic work registered under Intellectual Property Laws, which encompasses Copyrights, Trademarks and Patents etc. Keeping this in mind the said workshop was organized.

Prof. (Mrs.) ShobhaKumbhar, the senior faculty & head of dept. of Electrical Engineering from Sanjay Ghodawat University inaugurated the workshop. Beforehand, Dr. Naushad M. Mujawar, Head of Department of Commerce of the host college and Coordinator of the workshop, presented the theme of workshop and introduced the resource persons. The inaugural function concluded with the vote of thanks given by Dr. D.S. Kamble after presidential remarks of Prin. (Dr.) Vijay A. Mane.

In the first session on **'Flowing Ideas into Innovation'**, Prof. (Mrs.) ShobhaKumbhar explained, with suitable real-life examples, as to how ideas can be generated and how they can be converted into innovative products and services. She argued that there is an ample scope for the youths to find the solutions to many burning problems of society through their creativity. Not only that, they can create lucrative business for them through creativity.

The second session was on **'Impact of IPR on Business'** conducted by Prof. Devendra Gouda-Patil, the faculty of Electrical Engineering Department of Sanjay Ghodawat University. He touched upon the critical contents of IPR with special reference to Copyrights, Patents, Trademarks and Designs. With easy-to-understand language, he enlightened the participants on the basic requirements for and the process of registration under IP laws. Both the sessions were followed by interactions.

Around 10 patents are standing under the names of both the resource persons, which helped to make both the sessions lively and interesting. The feedback in written form given by the participants at the end of the day was fairly heartening. The workshop was concluded with the vote of thanks expressed by Asst. Prof. Mr. ToufikNayakwade. Asst. Prof. (Mrs.) Ghorpade and Asst. Prof. (Miss.) MohiniAnchaliya compeered for the workshop.

REPORT ON THE PROGRAMME

“INTERACTION WITH EMINENT INDUSTRIALIS”

Introduction: With the initiatives of IQAC and in correspondence to the perspective development plan of the institution, Shri Venkatesh Mahavidyalaya, Ichalkaranji has started Incubation and Innovation Center named “Lakshyavedh”. The center is established with the objectives of developing entrepreneurial ecosystem, providing students exposure to ideas in entrepreneurship and self-employment. In this connection the institution organized the programme “Interaction with Eminent Industrialist” on 25th August, 2022 under Incubation and Innovation Center. It was organized in collaboration with the Alumni Association of the college” Venkateshians”. The major objectives behind organizing this programme were as follows: **Objectives:**

- 1) **To form a dialogue between renowned industrialists and the students who are aspiring to start their own business**
- 2) **To expose students with the real life experience in starting business**
- 3) **To acquaint students with business models and challenges they should be prepare to face**

The renowned businessman and Managing Director Mr. Makarand Chitale (Chitale Group of Industries) and Mr. M.B. Shaikh, well known industrialist and Director of Wellpro Components PVT., were invited as the chief guest. Both the industrialists shared their life experience and guided students about several novel ideas of business. In interaction with students, the student participants inquisitively explored regarding the key concepts of business, challenges and other aspects of becoming self-reliant entrepreneurs. The programme proved very fruitful for the students.

The programme was graced by the presence of honourable president of N. B. Education Society, Shri Shrinivasji Bohara, honourable Secretary Mr. Babasaheb Vadinge and other office bearers of N.B. Education Society. Dr. S. N Jarandikar, In-charge of Lakshyavedh, introduced the chief guests. Hon. Prin. Dr. V. A. Mane introduced the nature and scope of incubation and innovation center and vice principal Dr. N. M. Mujawar introduced the theme of the programme. Hon. Shrinivasji Bohara presided over the function. President of Venkateshian and Chartered Accountant Mr. Bhalchandra Thigale proposed vote of thanks. Ms Mohini Anchaliya compered for the event.

Introduction: One Day Workshop on "Intellectual property Rights" was organized by Internal Quality Assurance cell of Shri Venkatesh Mahavidyalaya, Ichalkaranji in collaboration with National Intellectual property Rights Awareness Mission(NIPAM), Mumbai and IPR Cell, Shivaji University, Kolhapur on 25th April, 2022. The objectives of the Workshop were as follows:

- 1) To make the students and the staff aware about the concept of IPR
- 2) To introduce the nature and need of patent designs to students and the staff
- 3) To acquaint the students and the staff about the process of the registration of patents

Procedure: At the commencement of the workshop, the theme of the workshop was introduced by Dr. S. N. Jarandikar, Coordinator of IQAC and the present workshop. She also introduced the resource person to the audience. Mr. Sagar Baburao Pol, Assistant Controller of Patents and Designs, Patent Office, Mumbai was invited as a resource person for the workshop. In his power point presentation Mr. Pol informed the audience regarding the need of being aware about the intellectual property rights. He highlighted how the intellectual property has become a major tool in the era of Information technology and generation of ideas by any individual or industry can be secured and commercialized by claiming a legal right to that idea, design etc.. The idea of IPR and the need of registering the patents was elaborated by Mr. Pol with various case studies. He also explained the process of registering the patent. The session of Mr. Pol was followed by interaction with the audience in which doubts and queries of some of the students as well as faculty were tried to be resolved by the expertise.

In the presidential remarks honourable principal of the college Dr. V. A. Mane further put forth other aspects of IPR and appealed the audience to come forward with new ideas that may contribute to the welfare of the society.

Workshop was anchored by one of the faculty members, Ms. Mohini Anchaliya and Dr. S. R. Thakar, member of IQAS proposed vote of thanks. 88 students and the faculty members participated in the workshop.

About the Webinar

Theodore Schultz, the Nobel laureate and an Agricultural Economist observed that most of the world's poor people earn their living from agriculture, so if we knew the economics of agriculture we would know much of the economics of being poor. Indeed, the agriculture is the most prominent sector of our economy and the lifeline of majority of population. However, those who depend on agriculture for their livelihood are typically much poorer than people who work in other sectors of the economy. Their average income is low. It is really thought provoking that a country is poor because most of its population is engaged in agriculture or as the country is poor, most of its people have to rely upon agriculture for their living. It is paradoxical.

There are plenty of opportunities in the global market for agribusiness in developing country like India. Not only that, the agriculture has opened up large opportunities in other industries like packaging, supplying of raw material, food processing, exports and allied fields like milk and milk products, poultry and fisheries, edible oil industries with the use of modern technology.

The chief objective of the webinar is to enlighten the participants on these issues.

Number of Participants	73 Students & Teachers from cluster colleges		

Detailed Report:

Right to information is crucial in building a culture of transparency within the government, which is the foundation around which the relationship between the government and its people ought to be established. In democracy, the citizens have the right to seek information from the people and institutions who exercise power. The rights-based approach in the RTI establishes the right to seek information among the citizens. This right alone empowers the citizens in a democracy and hence, it is important to preserve, nurture and expand.

With this in mind, one-day workshop on 'Right to Information Act, 2005' was organized under Lead College Scheme of Shivaji University on 16th March, 2022. The students and faculties from 10 affiliated colleges covered under the cluster, participated in the workshop. Around 120 participants took benefit of the workshop.

Principal Dr. Vijay Mane inaugurated the workshop. Beforehand, Prof. (Dr). Naushad M. Mujawar, the co-ordinator of the workshop, presented the theme of workshop and introduced the resource persons. The inaugural function concluded with the vote of thanks given by Dr. D.S. Kamble.

The first session on '**Background & Importance of RTI**' was conducted by Advocate Akshay Khandekar. He said that the law gives citizens of India the tool to fight against corruption and Right to Information Act, in particular, gives citizens the right to ask for information and decide, based on the information so received, whether their constitutional rights have been met properly. With the help of a number of examples he enlightened the participants on significance of RTI and argued that proper understanding of said Act would be instrumental in making the students responsible citizens of India.

In the second session on '**RTI Procedure**', Advocate Pankaj Patil shared the procedure of asking for information from any authority and enlightened the participants on which information can and cannot be asked for.

The participants were divided in four groups and each group was given a particular situation and asked to list out the information that can be demanded. Thereafter, Advocate Akshay Khandekar scrutinized them and explained it case by case. The participants were given the RTI Form used in practice. He also shared some important judgements on RTI.

After interaction of participants with resource person and expression of their opinion about the workshop, the feedback, in written form, was taken from them. The workshop was concluded with the vote of thanks expressed by Dr. Sunita Ambawade. Asst. Prof. (Ms.) Mohini Anchaliya compeered for the workshop. All the participants were offered Certificate of Participation at the auspicious hands of the resource persons.
