# POLICY DOCUMENT FOR DIVYANGJAN

## INTRODUCTION:

Shri Venkatesh Mahavidyalaya, Ichalkaranji has established the committee of teachers to work for students with Disabilities. The Persons with Disabilities Act 1995 indicates that differently-abled persons should have access to education at all levels. The UGC has issued a letter to all universities regarding full implementation of persons with Disabilities Act, 1995 in universities and colleges and approved 3% reservation for persons with disabilities in admission to all the courses of study offered by universities and colleges. In the higher education sector, the University Grants Commission (UGC) is supporting universities in the country to involve in special education activities to empower differently-abled persons. The UGC had started the scheme of assistance to universities to facilitate Special Education and Higher Education for Persons with Special Needs (Differently-abled Persons) during the Ninth Five-Year Plan, which continued in the Tenth Plan. Keeping in view the need to provide special education programs as well as infrastructure to differently-abled persons in higher education institutions, the scheme is extended to the Twelfth Plan.

**Document on Environmental Consciousness and Sustainability**

**Introduction:** Shri Venkatesh Mahavidyalaya is located at the heart of Ichalkaranji. The city is known for its textile industry. The sizing and dyeing are the major occupations in the city. Due to this industry based location there is a dire need of creating environmental consciousness and need of sustaining it among the stakeholders. In this regard the institution has taken several initiatives to create environmental consciousness. It works to find alternative sources of energy to save the conventional energy means and proceeds to sustain environment by initiatives towards green campus. Awareness about the sources of water and their sustainability are some of the other concerns as part of environmental ecosystem and preserving and keeping them clean have been considered essential. Alike the steps are also taken to manage various types of wastes so as to save environment from hazardous elements. Following are some of the measures taken by the institution in this regard:

**(A) Alternate sources of energy:**

- **The Energy Audit** has been conducted by the certified agency. The conventional tube lights are replaced by LED bulbs and tubes.
- **Every day maintenance of electric gadgets:** The lights, fans, projectors and other such electrical devices are switched off after use and students are made aware of using them appropriately.
- **Maintenance of electric devices:** The attendants and peons are shouldered floor wise responsibility of switching on and or off these electrical equipment after working hours.
- **Call for Technician:** Technician is invited for immediate repairing of such devices whenever necessary so as to make optimal utilization of the available resources and reduce excess consumption of the electricity.

**(B) Waste Management of gradable and non-gradable waste:**

- **Solid Waste Management:** The dustbins at every floor and in the premises are kept to maintain cleanliness. The day to-day wet and dry garbage is cleaned and collected into separate color dustbins and is handed over to the municipal corporation that runs a garbage collection vehicle.
- **Liquid waste management:** The drainage pipes of the waste water are connected to the Municipal Corporation sewage system. The regular maintenance is kept to avoid the harm to the stakeholders and environment.
- **E-waste management:** The e- waste that includes the dead stock of the various electronic gadgets and devices are handed over to the authorized vendor for its dismantling or recycling as per requirement. The hazardous e wastage is removed and regular maintenance of the e-goods and products is done.

**(C) Green Campus Initiatives:**

- **Green audit and Environment Audits** have been conducted by the certified agency.
- Inauguration of all college programs by watering the plants as a metaphoric gesture of saving trees
- Felicitation of guests by offering a book and Annual Report of College instead of flower /bouquet
- Celebration of International Environment Day

- Classroom activities based on environmental issues integrated in the curriculum
- Display of the Announcement of Ban on Use of Plastic
- Invited Guest Lectures to create consciousness about environmental issues
- Tree plantation Activity
- Landscaping with plants and trees
- Reuse of waste papers
- Initiatives to make less use of paper and encouragement for e-communication
- Regular management of e-wastage through vendor
- Observation of No Vehicle Day

**(D) Water Conservation Initiatives:**

- Students are encouraged to participate in the awareness programs related to environmental issues and cleanliness. They are actively involved in the awareness programs conducted in the locality. Students accompany the municipal corporation team as the volunteers at the time of Ganesh festival and encourage people to donate Ganesh idols instead of immersing them into river bodies or other water sources.
- The streams or lakes in the vicinity that are getting polluted and turning harmful for health of the citizens are cleaned by the students.
- Students create awareness against pouring of Nirmalya ( flowers offered to idols at the time of worship) into riverbeds
